

In Part II let's learn:

sh, ch, th, wh, ee, ea, oo, all, ai, ay, oi, oy, ar, or, th and words ending with 'y'.

The book is based on phonics method and aimed to introduce children to the main digraphs. **Part II** is a consistent continuation of **Part I** or may be taken if the child has already learned the main alphabet sounds.

Reading through activity is the main principle of the book, therefore, it contains a lot of exercises of different nature.

It's suitable for children from the age of 4 to primary school students. Preschoolers may omit writing exercises.

The book is divided into sections of 2 sounds followed by '**Let's repeat part**' and '**Extra practice part**'.

You will find short but thorough instructions at the bottom of each page.

Enjoy reading with your students!
